Rural Criminology Joseph F Donnermeyer,Walter DeKeseredy,2013-10-15 Rural crime is a fast growing area of interest among scholars in criminology. From studies of agricultural crime in Australia, to violence against women in Appalachia America, to poaching in Uganda, to land theft in Brazil -- the criminology community has come to recognize that crime manifests itself in rural localities in ways that both conform to and challenge conventional theory and research. For the first time, Rural Criminology brings together contemporary research and conceptual considerations to synthesize rural crime studies from a critical perspective. This book dispels four rural crime myths, challenging conventional criminological theories about crime in general. It also examines both the historical development of rural crime scholarship, recent research and conceptual developments. The third chapter recreates the critical in the rural criminology literature through discussions of three important topics: community characteristics and rural crime, drug use, production and trafficking in the rural context, and agricultural crime. Never before has rural crime been examined comprehensively, using any kind of theoretical approach, whether critical or otherwise. Rural Criminology does both, pulling together in one short volume the diverse array of empirical research under the theoretical umbrella of a critical perspective. This book will be of interest to those studying or researching in the fields of rural crime, critical criminology and sociology.

Government Information Management in the 21st Century Peggy Garvin,2016-04-22 Government Information Management in the 21st Century provides librarians, information professionals, and government information policy leaders with a comprehensive and authoritative state-of-the-art review of current issues in government information management with a global perspective. The widespread use of the Internet to provide government information and services has altered the landscape dramatically for those who organize, store, and provide access to government content. Technical challenges include digital preservation, authentication, security, and accessibility for a diverse user base. Management challenges include changes to costs, workflow, staff skills and resources, and user expectations. Public policies based on distributed paper collections must also change to address issues that are inherent to digital, networked, public content; such issues include the maintenance of personal privacy, re-use of government information, and the digital divide. The authors in this timely book are practitioners, scholars, and government officials. Together they provide an informed look at how managing government information is being tested at a time of rapid change. Part I addresses key issues for public, academic, and

government libraries in organizing and providing access to government information. Part II features chapters on the diverse information issues facing governments, such as managing Freedom of Information requirements, opening government data to the public, and deploying new online technologies.

Islam compiled form Wikipedia entries and published by Dr Googelberg,

Values, Identity, and Equality in Eighteenth- and Nineteenth-Century Japan ,2015-09-17 The chapters in this volume variously challenge a number of long-standing assumptions regarding eighteenth- and nineteenth-century Japanese society, and especially that society's values, structure and hierarchy; the practical limits of state authority; and the emergence of individual and collective identity. By interrogating the concept of equality on both sides of the 1868 divide, the volume extends this discussion beyond the late-Tokugawa period into the early-Meiji and even into the present. An Epilogue examines some of the historiographical issues that form a background to this enquiry. Taken together, the chapters offer answers and perspectives that are highly original and should prove stimulating to all those interested in early modern Japanese cultural, intellectual, and social history Contributors include: Daniel Botsman, W. Puck Brecher, Gideon Fujiwara, Eiko Ikegami, Jun'ichi Isomae, James E. Ketelaar, Yasunori Kojima, Peter Nosco, Naoki Sakai, Gregory Smits, M. William Steele, and Anne Walthall.

Fairbairn's Book of Crests of the Families of Great Britain and Ireland James Fairbairn,2015-08-08 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work.As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Reference and Access Kate Theimer,2014-05-22 Reference and Access: Innovative Practices for Archives and Special Collections explores how archives of different sizes and types are increasing their effectiveness in serving the public and meeting internal needs. The book features twelve case studies that demonstrate new ways to interact with users to answer their questions, provide access to materials, support patrons in the research room, and manage reference and access

processes. The featured case studies are Building Bridges: Closing the Divide between Minimally Processed Collections and Researchers Managing Risk with a Virtual Reading Room: Two Born-Digital Projects Improvements on a Shoestring: Changing Reference Systems and Processes Twenty-First Century Security in a Twentieth-Century Space: Reviewing, Revising and Implementing New Security Practices in the Reading Room Talking in the Night: Exploring Webchats to Serve New Audiences A Small Shop Meets a Big Challenge: Finding Creative Ways to Assist the Researchers of the Breath of Life Archival Institute for Indigenous Languages The Right Tool at the Right Time: Implementing Responsive Reproduction Policies and Procedures Going Mobile: Using iPads to Improve the Reading Room Experience Beyond "Trial by Fire": Towards A More Active Approach to Training New Reference Staff Access for All: Making Your Archives Website Accessible for People with Disabilities No Ship of Fools: A Digital Humanities Collaboration to Enhance Access to Special Collections Websites as a Digital Extension of Reference: Creating a Reference and IT Partnership for Web Usability Studies Each of these case studies deconstructs reference and access services into their essential elements: interacting with people who have questions, providing access to materials that meet researcher needs, assisting researchers as they use materials, and managing the processes needed to support reference and access. The volume will be useful to those working in archives and special collections as well as other cultural heritage organizations, and provides ideas ranging from the aspirational to the immediately implementable. It also provides students and educators in archives, library, and public history graduate programs a resource for understanding the issues driving change in the field today and the kinds of strategies archivists are using to meet these new challenges.

Ações práticas de democracia: um compromisso pedagógico Falckner Ferreira Pantoja,2022-04-13 Os autores construíram, a partir das experiências reais de professores e gestores que vivenciam no dia a dia da sala de aula em suas escolas unidos pelos ensinamentos advindos do Curso Missão Pedagógica, a necessidade de externar suas perspectivas, anseios e compartilhar ações práticas de democracia nas escolas em que atuam, proporcionando o conhecimento a partir das suas ações.

Aircraft Propeller Design Fred Ernest 1899- Weick,2021-09-09 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. Play Golf the Wright Way Mickey Wright,2013-05-20 Learn how to swing a golf club from the golfer with the most perfect golf swing of all time, Mickey Wright. Oh yeah, who says so ? Ben Hogan ! Harvey Penick in his Little Red book said, Surely Mickey Wright is ther greatest woman player of all time. It is a thrill for me to remember that beautiful swing of hers. You can learn the swing that won Mickey Wright 90 professional tournaments and 13 major championships before retiring at the young age of 34.Your drives can become longer and more accurate.

Fairbairn's Crests of the Families of Great Britain and Ireland James Fairbairn,2012-02-03 In two volumes. Volume I: 601 pages including a 522 page index of family names, in alphabetical order, describing the crest of every name listed and where to find an illustration in the volume of plates; a glossary of heraldic terms and other words; and nearly seventy pages of family mottoes with translations of those in Latin, French or other foreign languages. Volume II: contains 130 plates, each depicting 15 family crests in b&w and a further 18 plates illustrating regalia, insignia, crowns, flags, monograms, arms of principal cities etc. also in b&w. There is a key to all the plates which, in the case of the crests, shows which families have which crest.

A People's Constitution Rohit De,2020-08-04 It has long been contended that the Indian Constitution of 1950, a document in English created by elite consensus, has had little influence on India's greater population. Drawing upon the previously unexplored records of the Supreme Court of India, A People's Constitution upends this narrative and shows how the Constitution actually transformed the daily lives of citizens in profound and lasting ways. This remarkable legal process was led by individuals on the margins of society, and Rohit De looks at how drinkers, smugglers, petty vendors, butchers, and prostitutes—all despised minorities—shaped the constitutional culture. The Constitution came alive in the popular imagination so much that ordinary people attributed meaning to its existence, took recourse to it, and argued with it. Focusing on the use of constitutional remedies by citizens against new state regulations seeking to reshape the society and economy, De illustrates how laws and policies were frequently undone or renegotiated from below using the state's own procedures. De examines four important cases that set legal precedents: a Parsi journalist's contestation of new alcohol prohibition laws, Marwari petty traders' challenge to the system of commodity control, Muslim butchers' petition against cow protection laws, and sex workers' battle to protect their right to practice prostitution. Exploring how the Indian Constitution of 1950 enfranchised the largest population in the world, A People's Constitution considers the ways that ordinary citizens produced, through litigation, alternative ethical models of citizenship.

Faxon's Illusrated Hand-book of Summer Travel Edward S. Sears,Charles A. Faxon,2024-03-14 Reprint of the original, first published in 1875.

Faxon's Illustrated Handbook of Travel to Saratoga, Lakes George and Champlain, the Adirondacks, Niagara

Falls, Montreal, Quebec, the Saguenay River, the White Mountains ... ,1874

   An Introduction to Corporate Accounting Standards William Andrew Paton,Ananias Charles Littleton,1957

   A Round Indiana John T. Hanou,2020-09-15 Rounds barns are architectural phenomena that have graced rural America for over a century. Today the few that survive stand as symbols of another generation's innovation and ingenuity. To understand the importance of these buildings is to begin to understand the story of farming in America. A Round Indiana: Round Barns in the Hoosier State, Second Edition documents the 265 round barns identified in the history of Indiana. This book contains more than 300 modern and historical photographs alongside nearly 40 line drawings and plans. Author and award-winning photographer John T. Hanou combed through often-forgotten documents to tell the fascinating story of the farmers, builders, and architects who championed the innovative construction techniques. This second edition of A Round Indiana provides updated information on an additional 39 round barns discovered in Indiana's history. Of the 265 total round barns found at one time on the plains of Indiana, only 72 remain standing. A Round Indiana is a tribute to the state's endangered buildings and a work to be treasured by those interested in the history of Indiana, architecture, and agriculture.
